SUMMARY

A highly motivated and detail-oriented individual with a strong passion for continuous learning. I am particularly interested in Front-End Development, UI/UX Design, and Graphic Design, combining technical and creative skills to deliver high-quality results. I have been studying these fields for about two years. Committed to collaboration and personal growth, I strive to contribute meaningfully to every project.

EDUCATION

Associate Degree in Informatics Engineering   **2023 - Present**
Semarang State Polytechnic | Indonesia - GPA 3.82/4.00. Transcript

---

ORGANIZATION

Electrical Engineering Student Association - Politeknik Negeri Semarang   **2024 - 2025**
Entrepreneurship and Sponsorship Division Staff
- Served as the lead designer and sponsorship coordinator within the division.
- Designed promotional materials for entrepreneurship events.
- Designed a wide range of visual materials for organizational events, including posters, social media content, banners, and video edits.
- Managed end-to-end sponsorship processes including proposal creation, outreach, and negotiations.
- Successfully secured sponsorships from major brands such as Biznet, Gojek, Wardah, Hydrococo, and others.
